

July, 2016

Dear Community Stakeholders,

Right now there is a remarkable success story taking shape in the 500 block of North Shawano Street in New London. This is an opportunity to conquer the challenge of homelessness. Waupaca County does not have a homeless shelter. Families are forced to travel significant distances to find help.

The **Mission of Hope House** is stepping up to meet this challenge. Our board of volunteers is already working ambitiously to advance our mission among community services agencies. To date we have purchased a suitable building, secured a conditional use permit, launched renovations of the shelter space, and received IRS recognition as a tax-exempt agency.

The **Mission of Hope House** is a grassroots, results-oriented response to the challenge of homelessness. It is a natural extension of the widely supported "Community Impact" initiative and our area's impressive, ongoing efforts to offer a hand up to those in need.

We are counting on the support from community and surrounding area organizations to include groups, clubs, churches, and individuals to assist and sustain this work. We encourage you to visit our website at <http://missionofhopehouse.org/>, email our organization at MOHHofWI@gmail.com or call (920) 249-4705 for additional information.

We look forward to hearing from you soon!
